IT'S A-MAZE-ING

Follow the instructions, and work your way through this maze. When you end up on the last square, tally all numbers in adjacent squares. That's your total.

- i. Lars and company switched it from babies dying to kids crying.
- ii. Coined by Kevin M, originally for fallen riders.
- iii. Got tag from football make-up ...no longer with us.
- iv. Switched girlfriend actress (new shoe!) after the first one in '85.
- v. Al pal's name would have been a little too lovey-dovey if its processor was number 66.
- vi. Stingray vehicle, with bad grammer?
- vii. Where's Ollivander?
- viii. His diatribe publicly befuddled actor who played lead in a movie whose title appears in grid.
- ix. Burt's super buddy
- x. It's full of zeroes, except c_1 to c_n
- xi. First line of lyrics in **Top 12 Finals** for Harold Jr.
- xii. Modernized by Mannheim
- xiii. Argentine extension of Grigg's concoction
- xiv. Rollinking idea that trades with love.
